

# PROGRAM

8:30-9:00 - Gathering: Coffee and refreshments

9:00-9:15 - Opening remarks (TBA)

9:15-10:00 - **Peter Chen**, ETH

Title: Quantifying Dispersion Effects on Structure and Bond Strengths in the Gas Phase and in Solution

Chair: **Yuri Tulchinsky**, The Hebrew University of Jerusalem

10:00-10:45 - **Eva Hevia**, University of Strathclyde

Title: Bespoke Bimetallics for Chemical Cooperativity

Chair: **Mark Gandelman**, Technion

10:45-11:15 - Coffee break

11:15-12:00 - The ADAMA distinguished Lectureship | **Raphael Mechoulam**,

The Hebrew University of Jerusalem

Title: The cannabinoids: looking back and ahead | Chair: **Micha Fridman**, Tel-Aviv University

12:00-12:45 - **Nuno Maulide**, University of Vienna

Title: The Beautiful Simplicity of Rearrangements

Chair: **Sergey Semenov**, Weizmann Institute of Science

12:45-14:15 - Lunch break

14:15-15:00 - **Michael Meijler**, Ben-Gurion University of the Negev

Title: Unraveling Chemical Communication Between Species: Tales of Love and War

Chair: **Gabriel Lemcoff**, Ben-Gurion University of the Negev

15:00-15:45 - **Rebecca Ruck**, Merck Process Research & Development

Title: Using Biocatalysis for Complex Molecule Synthesis

Chair: **Itsik Bar-Nahum**, ADAMA

15:45-16:30 - **David MacMillan**, Princeton University

Title: New Photoredox Reactions

Chair: **Ilan Marek**, Technion

16:30 - Final remarks

## Symposium speakers:

Peter  
Chen

Eva  
Hevia

Raphael  
Mechoulam

Nuno  
Maulide

Michael  
Meijler

Rebecca  
Ruck

David  
MacMillan
